

A U D E A R A

Australia's Healthiest Headphone

Check your hearing, tailor your sound

WHY AUDEARA

Audeara exists to ensure all people understand the importance of their hearing health and can enjoy their world in perfect, personalised sound.

We aim to reduce the stress of listening at home, work and school, and to increase engagement, enjoyment and interaction with the experience of sound.

Audeara were founded by doctors and are supported by a team of audiologists, engineers and musicians. We are Australia's healthiest headphone.

A-01 HEADPHONES

The Audeara A-01's are a premium set of noise cancelling, Bluetooth® headphones designed to enhance music, communication and entertainment while minimising unwanted noise.

The headphones have revolutionised the listening experience by tailoring personalised sound based on the results of Audeara's app-based hearing check.

Audeara's unique technology emphasises better, not louder sound. This means a safer, hi-fidelity listening experience.

The headphones are built from durable, high quality materials and boast a best in class battery life of 35+ hours.

PERSONALISED SOUND

Simple hearing
check

Adjust left & right
ear independently

Perfect sound

BT-01 TRANSCEIVER

The transceiver is a sleek and compact Bluetooth audio transmitter that streams audio wirelessly from your TV or stereo.

The transceiver allows you to connect up to two pairs of Bluetooth headphones, which means two people can listen at the same time. The transceiver can also act as a receiver, streaming high quality audio from any speaker system, including a smartphone.
