TV STREAMER OVERVIEW

3.

TV STREAMER CONTROLS

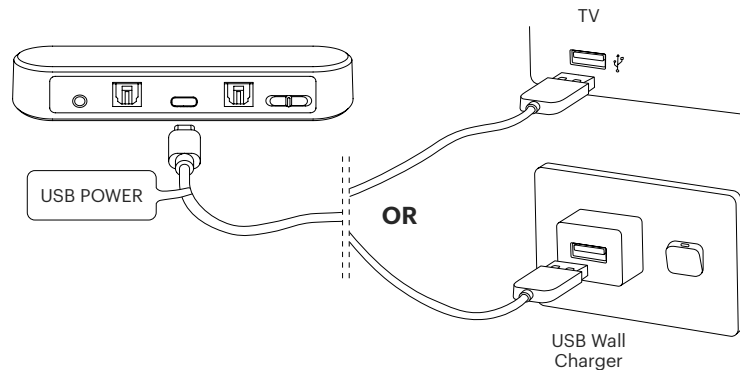

4.

POWER THE TV STREAMER

The TV Streamer is powered by a USB-C cable.

- ▶ Connect the USB-C end (smaller tip) into the back of the streamer.
 - ▶ Connect the USB-A end (bigger tip) into your TV
- OR** a USB wall charger. Note: USB wall charger is not provided.

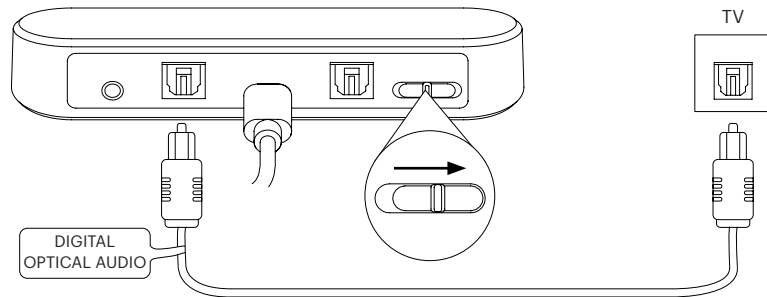

Now, you should see the streamer welcome screen. If you don't see this screen, ensure your TV or wall charger is powered on.

5.

CONNECT THE TV AUDIO

The streamer can be connected to the TV three ways.
Select one of the options below.

OPTION A - TVS WITH DIGITAL AUDIO OUTPUT

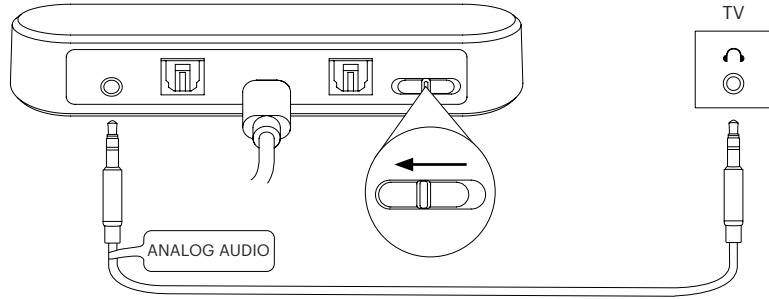

Plug the
DIGITAL OPTICAL
cable into the
TV Streamer
DIGITAL OPTICAL
INPUT

Slide the Audio Input
Switch to **DIGITAL**

Plug the other end
into the
OPTICAL OUTPUT
of your TV

OPTION B - TVS WITH 3.5mm HEADPHONE AUDIO OUTPUT

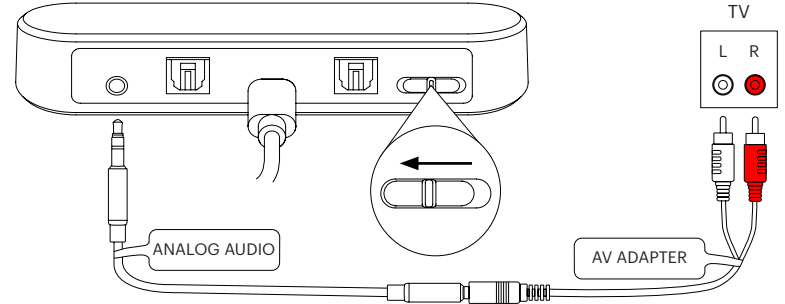

Plug the **ANALOG AUDIO** cable into the TV Streamer **ANALOG AUDIO INPUT**

Slide the Audio Input Switch to **ANALOG**

Plug the other end into the **TV HEADPHONE AUDIO OUTPUT**

OPTION C - TVS WITH RCA AUDIO OUTPUT (RED/WHITE PORTS)

Plug the **ANALOG AUDIO** cable into the TV Streamer **ANALOG AUDIO INPUT**

Slide the Audio Input Switch to **ANALOG**

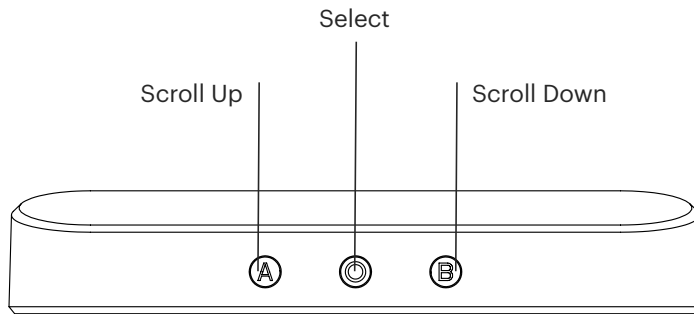

Join the **AV ADAPTER** and plug into the **TV RCA AUDIO OUTPUT**

6.

PAIR TV STREAMER TO A BLUETOOTH DEVICE

The TV streamer can pair to any Bluetooth device, and comes pre-paired to the Audeara A-02 headphones.

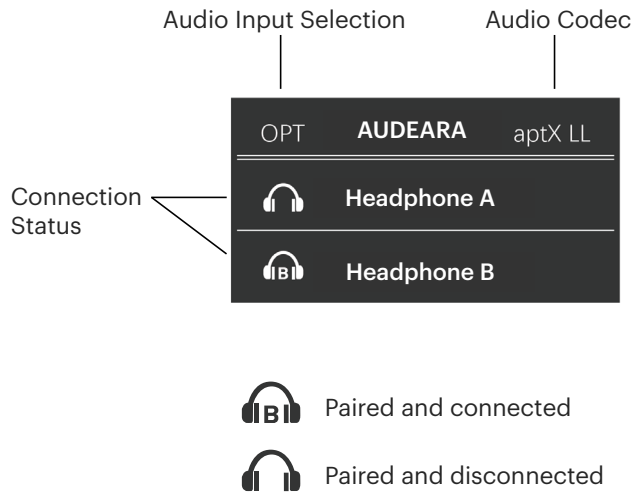

- ▶ Put your Bluetooth device in pairing mode.
- ▶ Hold down Button A or Button B for 3 seconds; the screen will now say “Searching...”
- ▶ Navigate to the Bluetooth device you wish to connect to, using the controls on the TV streamer.

- ▶ Once the device is selected, the TV streamer will begin connecting.
